

TRACKNOW × MDS DIVERSIFIED

Keep your business moving with a line of credit

TrackNow has partnered with MDS Diversified to help customers arrange flexible business finance. Draw funds when you need them and pay interest only on what you use.

i MDS Diversified is a finance broker, not a lender. We arrange your finance, and the lender approves and funds it.

THE BASICS

How a line of credit works

Approved limit **\$50,000**

\$8,500

\$41,500 available

■ Drawn: interest applies ■ Available: no interest until drawn

A truck needs **\$8,500** of repairs. You draw \$8,500 and pay interest on that, not on the full \$50,000. Repay it when the job pays and the full limit is ready again.

Example only. Your limit, rate and fees are set by the lender.

WHY IT HELPS

Built for businesses on the move

- ✓ **Draw when you need it.** Online, day or night, once your limit is approved.
- ✓ **Interest only on what you use.** Some lenders add a fee on the limit. We show you every fee upfront.
- ✓ **Repay early, use it again.** Pay it down any time and redraw up to your limit.
- ✓ **\$5,000 to \$500,000.** Smaller limits often need no property as security.
